3 Bedroom, 2.00 Bathroom, 925 sqft

Residential on 0.08 Acres

Copperfield, Calgary, Alberta

This Copperfield Cutie is busting at the seams to impress it's new family. This Bi-level can't wait to show off it's brand new vinyl blanking floors completed on both upstairs and downstairs. The 3 bedroom home is excited to offer a peaceful private deck off of the dining area, for cozy BBQ's or a glass of wine after dinner. Vaulted ceilings on the main level gives the feeling of openness and space. Two good size bedrooms up settles the fight over who gets what bedroom. With the large windows downstairs only a Bi-level can offer, you wouldn't know you are in a basement. Fully developed, freshly painted, the family area is a great addition to the living space. The 3rd bedroom will hold a king size bed with no problem. Wait until you see the bathroom, featuring a large soaker tub and shower stall. The walkout basement door leads you to the very private backyard and patio area. Just encase you need more to convince you this home is right for you, lets talk about the garage. Double detached, fully insulated and heated, because you know winter is coming. This special house wants you to know it is located on a quiet street, and is ready for the next owner to call it home.
