This is such a cute property! You'll love the bright sunshine filled rooms! There's rich hardwood flooring & a cozy fireplace in the living room. The kitchen has newer countertops & backsplash and overlooks the pretty back yard. There are 2 spacious bedrooms on the main floor and an updated bathroom. Downstairs is a huge family room for young children to play and watch TV. There's a large bedroom with a walk in closet and again you'll appreciate all the natural lighting - big windows throughout the lower level! Like a little vintage look? Then check out the summer kitchen & laundry room! There's lots of storage throughout these rooms and everything is finished in the laundry room! - no ugly walls and ceiling - it's a cheery room you will enjoy folding laundry! Entertain your friends in the covered patio room outside - it's got power too - so set up the TV, add a fridge and entertain! Need a little something from the kitchen - there's a secret passage way to have it passed to you! The exterior wall panels can also be removed leaving the screened in windows. The yard is wonderfully landscaped too with an apple tree and spaces for a little gardening. The garage features 220 wiring, heat and A/C!
