Spacious and inviting, this raised bungalow offers over 2,930 sq. ft. of living space, blending comfort and practicality. From the front cold porch you will walk into the spacious side entry full of storage. The large kitchen and dining area boast solid wood cabinets that flow into a bright, open-front living room. The main floor features a generous primary bedroom, a second bedroom, and convenient main-floor laundry.

Downstairs, the basement is ready for entertainment—whether it's a games room, movie night, or both! A wet bar setup awaits your finishing touch, alongside two more large bedrooms, a cold room, and extra storage. A standout feature? A high efficiency forced air furnace in 2020 plus a boiler for in-floor heat (in the basement). This allows for separate controls and year-round comfort. New shingles in 2018 plus exterior siding and eaves were replaced in 2020.

Outside, the insulated and finished detached garage/workshop—accessible via the back alley—is perfect for projects or storage. The manicured, fenced yard includes fruit trees and a garden spot, adding charm and function.
