Residential on 0.21 Acres

NONE, Taber, Alberta

This home was built with thought and has served it's original owner well over the years but it's ready for a fresh chapter.

Catering to a growing or established family with 1,640 sq ft offering the perfect blend of comfort and functionality. The main floor layout was well planned with a large entryway, wide hallways, a sunken living room, formal dining area & generously sized bedrooms. Just off the kitchen, a second living room adds more flexibility - whether you're hosting guests or managing a busy household. Patio doors lead to a covered deck where you can unwind with the sounds of a rain shower or watch the sunset with your feet up. The fully finished basement offers even more space for your family. A large living room and games area are ideal for movie nights or play dates, while the spacious wet bar gives you room to host. There's a fourth bedroom for guests or older kids, a 2-piece bath, and a bonus room that works great as a quiet office, craft space or gaming room. Storage? This house has plenty of it! Step outside to a fully fenced yard with underground sprinklers—ideal for BBQ's, birthday parties, and entertaining. Additional features include air conditioning, a double garage, two furnaces for year-round comfort, a larger than usual sized lot and a location just a short walk from elementary schools. Plan to visit!
