Residential on 0.13 Acres

NONE, High River, Alberta

Nestled on one of the quieter streets in the desirable NW High River, this charming bungalow offers an unbeatable setting. Enjoy peaceful living with a backyard that opens directly onto the scenic "Happy Trails" walking path, which meanders along the beautiful Highwood River. Inside, the home features an open-concept design enhanced by vaulted ceilings and large windows that fill the space with natural light. The classic oak cabinetry is beautifully complemented by updated vinyl plank flooring, creating a timeless and welcoming feel. Just off the kitchen nook and dining area, step onto the 22' 10" x 9' 8" east-facing deck overlooking the landscaped yard and enjoy tranquil views of the river valley—an ideal spot for morning coffee or evening relaxation. The generously sized primary bedroom includes a walk-in closet and an ensuite that is larger than most, offering both comfort and privacy. A bright and inviting flex room could be utilized as a bedroom or a den is located on the west side of the home, with large windows that provide abundant natural light. The developed basement features a huge family room with plenty of space that could easily be divided into a fitness area or media room. It also includes a spacious bedroom, a full bathroom, and abundant storage options. This is a great "lock and leave" opportunity as the HOA fees pay for the snow removal in the winter and landscaping/irrigation maintenance in the summer. Whether you're out for a stroll or

simply enjoying the serene views from home,
this location offers a perfect blend of nature
and neighborhood charm.
