The light blonde laminate floors flow throughout the main floor, providing a sense of continuity. An electric fireplace is recessed into a paneled wall, flanked by decorative lights on either side. The large windows at the back of the home offer stunning views of the green strip. A standout feature is the corner buffet with decorative floating shelves, perfectly suited for a coffee bar or displaying your treasures. The cohesive design of the panelled fridge and dishwasher matches the other cabinets that extend all the way to the ceiling and have soft-close doors and drawers. The kitchen is equipped with a built-in microwave, oven, induction cooktop, and a custom hood fan that matches the cabinetry as well! There is an abundance of pots and pans drawers for storage. The gold accents complete the space along with the large one-piece granite sink. The main floor also features a walk-through pantry and built-in lockers in the mudroom, complete with two rows of shoe storage, cubbies, and numerous hooks for organization. Following the mudroom is your oversized 22 x 24 garage, which boasts finished and painted walls and ceiling, vinyl plank stairs leading to the garage floor, maple accents, a gas heater, and an upgraded garage door with eight windows that flood the

area with ample light. A half bath off the mudroom includes a pedestal sink, decorative panelled walls, and floating toilet. The large open deck with direct access from the dining room is perfect for hosting summer barbecues while enjoying the serene view of the open space behind. This maintenance-free vinyl deck includes a gas line. The laminate stairs with beautiful black custom railings to the second floor, offers an open concept space that opens up to a bonus area. Double doors lead to the primary bedroom, located at the back of the home with perfect window placement. The spacious walk-in closet complements a stunning en suite bathroom featuring a beautiful walk-in tile shower with frameless glass and ceiling-height tile, a huge vanity with double sinks, and a large soaker tub in the corner. The two spare bedrooms on the second floor are separated by a five-piece bathroom and a generously sized laundry room. The basement includes a 8-foot wide patio door that leads to a sunken walk-up patio area covered by the deck above. There is one large bedroom at the back of the home and a gym area that could easily be converted into a bedroom. The basement offers ample storage space, including a separate walk-in closet as well as a large mechanical room.
