Residential on 0.17 Acres

Hillcrest, Hinton, Alberta

This spacious and versatile 4-level split is located in Hinton's desirable Upper Hill, just steps from the trail system and the Beaver Boardwalk. Featuring a flexible layout ideal for families, this home has seen several thoughtful updates throughout.

The main floor offers a welcoming living room with a cozy wood-burning fireplace, a refreshed kitchen with new stone countertops, and an adjoining dining area perfect for family meals.

Upstairs, you'll find three comfortable bedrooms and a beautifully renovated 4-piece bathroom with modern touches. The primary bedroom is a generous size and includes its own fully updated 3-piece ensuite that complements the style of the main bath.

The lower level features a spacious family room, a home office, laundry area, and another renovated 3-piece bathroom. A door has been added, allowing this level and the basement to be closed off from the rest of the home for added privacy or multi-generational living.
