3 Bedroom, 3.00 Bathroom, 1,298 sqft
Residential on 0.21 Acres

NONE, Nanton, Alberta

This is a truly honest home. The classic brick and wood exterior speaks to its quality and durability, and the backyard is a rare find, an enchanting, mature oasis with a covered gazebo and an interlocking brick pathway. Inside, the split-level layout offers three bedrooms and three bathrooms, with a bright basement featuring built-in bookcases and a separate entrance, ideal for backyard access, a future suite (already zoned for a secondary suite - however would need to meet current building code requirements) , a home office, or a dedicated craft and hobby space. The home remains in original condition but is full of manageable potential; fresh paint and new flooring could quickly transform the space. Recent updates include a brand-new roof in 2025.

Located on a quiet street close to schools and Main Street shopping, this property offers both charm and opportunity. A perfect choice for those seeking character, practicality, and a beautiful yard.
